WATAC!

WE ARE THE ARTS COUNCIL!

BAZ can exclusively reveal today that hard-line Institutional Rap Group WATAC! (We Are The Arts Council!) are also a bizarre cult whose offbeat initiation ceremonies can last anywhere between 6 weeks and 3 months! The brainwashing self administered initiation practice, which involves re-writing 48 pages of scripture in your own words so that it sounds the same, only different, marks the start of a slippery slope that can end in severe and horrific circumstances.

THE WATAC! WORD

Once part of the WATAC! Cult you will stop at nothing in spreading the WATAC! word. From talking to friends and family about the beauty of WATAC!, to branding personal items with the WATAC! symbol, WATAC! will take over your life. You love WATAC! and WATAC! loves you. Unlike other cults where members are asked to hand over money, WATAC! actually gives you money! But nothing in life comes for free. BAZ have heard unsubstantiated rumours that any criticism of WATAC! from its members results in the noisy offenders been taken away in the dead of night to a vast underground complex somewhere beneath the streets of Manchester.

SACRED WATAC! SCRIPTURES

Here, dissenters are held for up to six years at a time and forced to study sacred WATAC! scriptures eight hours a day, five days a week. This cruel indoctrinating process continues until the miscreant has fully mastered the WATAC! ways. The outlaw, once questioning and critical of the WATAC! ways, has now undergone an irreversible transformation and is now a WATAC! Master.

Whilst cults such as Scientology have received a hostile response from public and press alike, WATAC! have sneaked into our society and its members are in fact EVERYWHERE. Oddly enough, WATAC! seem to recruit the majority of their members from the arts. Just as certain types of cults attract those with suicidal tendencies or a love of long hair, WATAC! attract ARTISTS and arty types.
